OUR PARISH MISSION

We are a welcoming Christian family committed to Catholic values, responding to the call of Christ revealed in the diversity of human need. We practice a conscious, living, active faith in a community whose source of strength is the Eucharist.

Miraculous Prayer to the Little Flower

O Little flower of Jesus, ever consoling troubled souls with heavenly graces, in our unfailing intercessions I place my confident trust. From the heart of our Divine Savior, petition the blessings of which I stand in greatest need.....Shower upon me your promised roses of virtue and grace, Dear St. Therese, so that swiftly advancing in sanctity and perfect love of neighbor, I may someday receive the crown of life eternal.

Amen

Abortion again tops worldwide causes of death in 2019 at more than 42 million January 2, 2020 ([LifeSiteNews](#)) – More than 42 million abortions took place globally in 2019 according to the tracking service Worldometers, once again finding abortion to be the single largest cause of death across the planet for the year.

As of December 31, Worldometers **had counted** 42.4 million abortions, which is more than half the total number of deaths by every other cause (58.6 million). Abortions dwarfed every individual cause of death, including overall deaths due to disease (13 million). The true total number of abortions may be either lower or higher, however, as Worldometers relies on health and mortality statistics from the World Health Organization (WHO), which in turn relies on estimates from the pro-abortion Guttmacher Institute.

Worldometers found similar numbers last year, leading left-wing outlets such as *Snopes* to **attempt to minimize the news** not by disputing the numbers but by arguing that abortion should not be considered a "cause of death." Scientifically speaking, however, it is a **settled biological fact** that the embryos and fetuses destroyed by abortion are living human beings. As of January 2, Worldometers has **already counted** more than 190,000 worldwide abortions so far in 2020.
