OUR PARISH MISSION

We are a welcoming Christian family committed to Catholic values, responding to the call of Christ revealed in the diversity of human need. We practice a conscious, living, active faith in a community whose source of strength is the Eucharist.

Miraculous Prayer to the Little Flower

*O Little flower of Jesus, ever consoling troubled souls with heavenly graces, in our unfailing intercessions I place my confident trust. From the heart of our Divine Savior, petition the blessings of which I stand in greatest need.....Shower upon me your promised roses of virtue and grace, Dear St. Therese, so that swiftly advancing in sanctity and perfect love of neighbor, I may someday receive the crown of life eternal.
Amen*

Catechesis and Policy on Questions Concerning Gender Theory (Part 2 of 2)

By Archbishop Jerome Listecky

2.4 Respect for creation is also a respect for one's biological sex. As Pope Francis writes, "It is enough to recognize that our body itself establishes us in a direct relationship with the environment and with other living beings. The acceptance of our bodies as God's gift is vital for welcoming and accepting the entire world as a gift from the Father and our common home, whereas thinking that we enjoy absolute power over our own bodies turns, often subtly, into thinking that we enjoy absolute power over creation. Learning to accept our body, to care for it, and to respect its fullest meaning, is an essential element of any genuine human ecology. Also, valuing one's own body in its femininity or masculinity is necessary if I am going to be able to recognize myself in an encounter with someone who is different. In this way we can joyfully accept the specific gifts of another man or woman, the work of God the Creator, and find mutual enrichment. It is not a healthy attitude which would seek 'to cancel out sexual difference because it no longer knows how to confront it'" (*Laudato si*, 155).

3. POLICY

The following policy seeks to provide guidance in applying the Church's moral teachings regarding the challenges presented by "gender theory." This policy is put forth for parishes, organizations, and institutions of the Catholic Church in the Archdiocese of Milwaukee.

As a general rule, in all interactions and policies, parishes, organizations, and institutions are to recognize only a person's biological sex. This policy applies, but is not limited to, all Church employees, personnel, volunteers, and those entrusted to the care of the Church, including all contracted vendors when they are on-site and may have contact with those entrusted to the care of the Church.

3.1 Designations and Pronouns. Any parochial, organizational, or institutional documentation which requires the designation of a person's sex is to reflect that person's biological sex. No person may designate a "preferred pronoun" in speech or in writing, nor are parishes, organizations, or institutions to permit such a designation. Permitting the designation of a preferred pronoun, while often intended as an act of charity, instead promotes an acceptance of the separability of biological sex and "gender" and thus opposes the truth of our sexual unity.

3.2 Bathrooms and Locker Rooms. All persons must use the bathroom or locker room which matches their biological sex. Archdiocesan parishes, organizations, and institutions are permitted to have individual-use bathrooms which are available for all members of the respective community.

3.3 Attire. All persons are to present themselves in a manner consistent with their God-given dignity. Where a dress code or uniform exists, all persons are to follow the dress code or uniform that accords with their biological sex.

3.4 Athletics and Extra-Curriculars. Participation in parish, school, and extra-curricular activities must be conformed with the biological sex of the participant. Some sports and activities may be open to the participation of individuals of both sexes.

3.5 Single-Sex Schools, Buildings, and other Programs and Institutions. Admission to single-sex programs, including but not limited to single-sex schools, camps, and retreats, is restricted to persons of the designated biological sex. Dormitories or other single-sex buildings are restricted to persons of the designated biological sex.

3.6 Medication. No person is permitted to have on-site or to distribute any medications for the purpose of gender reassignment. Also, students and those entrusted to the care of the Church are not permitted to take "puberty blockers," even if self-administered, on parish or school property, with the purpose of a potential or actual "gender reassignment."

3.7 Protecting the Vulnerable. Those entrusted to the care of the Church who express a tension between their biological sex and their "gender" and others directly affected by this tension (parents, guardians, etc.) should be directed to appropriate ministers and counselors who will help the person in a manner that is in accord with the directives and teachings of the Church. Parishes, schools, and other Catholic institutions or organizations should take the necessary precautions, in accord with the policies of this document, to avoid bullying and to protect the integrity of those who may express tension or concerns about their biological sex.
